

AASA

AASA PLASTIC INDUSTRIES L.L.C.

اياه ايه اس ايه للصناعة البلاستيكية ش.ذ.م.م.

ABOUT US

AASA started as a greenfield project in Dubai Investment Park to service local demands of the customer. Our promoters belong to the Aerosol Business and have over 40 years of experience in the field.

AASA specializes in making caps of body sprays and perfumery products. We have injection moulding and UV facilities. There is a specialized Design and Production team to ensure design and product development and to make custom made products for the customer.

The client servicing team handles key customer accounts. A single point of contact assigned to each customer helps them in decision making and faster execution of their products. State of the art in line testing equipment ensures the consistent high quality of our products.
